

How to read this chart

Track the total work remaining and project the likelihood of achieving the sprint goal. This helps your team manage its progress and respond accordingly.

[Hide this information](#)

The velocity of this sprint took a deep dive at the end. This is because these weeks were quite busy for us and as we worked on them, we completed them at the end. We managed to complete all of our story points. The velocity is similar to sprint 2 as all team members finished the majority of our tasks towards the end. We were all very busy in all times.
